

ROSCon UK '26

21 - 23 OCTOBER 2026 | EDINBURGH

Join us for ROSCon UK 2026 in Edinburgh, United Kingdom!

Edinburgh's unique history and vibrant robotics scene make it the ideal backdrop for a gathering of the international ROS community in the UK.

Your sponsorship will contribute to making ROSCon UK 2026 memorable, as well as reaching a wide community of robotics engineers and scientists.

Location

ROSCon UK 2026 will be held in Edinburgh, a city renowned for its beauty, history, and technology.

Edinburgh is a popular destination for conferences, and the dates for ROSCon UK 2026 are likely to be favourable to attendees who are keen to take in all the city has to offer.

Edinburgh is an accessible, modern city, boasting an airport, train station, and bus station. Travellers can take advantage of the efficient and reliable bus and tram system for travel throughout the city.

Venue

ROSCon UK 2026 is to be hosted at the Pollock Estate Complex of the University of Edinburgh, a renowned institution consistently ranked amongst the top subject

rankings in the world.

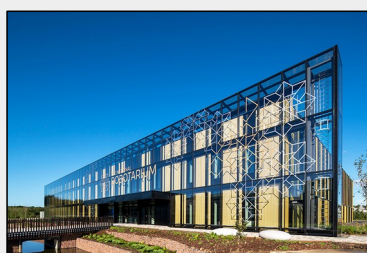

Pollock Estate is located in the vibrant Southside of Edinburgh and nestled on the edge of Holyrood Park - a city space unlike any other with dramatic hills and crags shaping Edinburgh's iconic skyline.

The beautiful Playfair Library at the University of Edinburgh's Old College is to be the Gala Dinner venue for attendees to dine and network.

Events

In addition to plenary sessions, workshops and stall exhibitions, ROSCon UK 2026 will include multiple social and networking events.

On the first day, a shuttle bus will transport attendees to the University of Edinburgh's School of Informatics and to the National Robotarium, two global centres of Robotics and Artificial Intelligence innovation.

Based at Heriot-Watt University's, the National Robotarium supports cutting-edge research, start-up incubation, and collaborative industry partnerships, driving

technological progress across various sectors.

Attendees are invited to two social events, a reception and farewell event, providing additional opportunities to network and connect with like-minded robotics experts from around the world.

Attendees

The UK is home to many industry-leading robotics companies and universities. We anticipate a healthy mix of industry professionals and academics will be in attendance at ROSCon UK 2026. We are targeting 300 attendees.

Moreover, the UK is an attractive destination for Europeans and North Americans, and we expect a significant number of attendees from those locations.
